
Commercial Motor Vehicle Purchased Within Connecticut for Use Exclusively in the Carriage of Freight in Interstate Commerce

General Purpose: This certificate must be used by the purchaser of a commercial truck, truck tractor, tractor or semitrailer, or vehicle used in combination with these, which will be operated actively and exclusively during the one-year period following the purchase date of the vehicle for the carriage of freight under a certificate or permit issued by the Interstate Commerce Commission (ICC) or its successor agency to the purchaser to claim exemption.

If the motor vehicle is not used in the manner described above, the purchaser owes use tax on the total purchase price. A motor vehicle is used exclusively in interstate commerce only if each and every payload qualifies as an interstate commerce venture. Any other vehicle use, such as transporting payloads originating and terminating within Connecticut, make the purchaser liable for the use tax.

Statutory Authority: Conn. Gen. Stat. §12-412(70).

Instructions for the Purchaser: An owner or officer of a business purchasing a commercial truck, truck tractor, tractor or semitrailer, or vehicle used in combination with these for use in the manner described above can sign and issue this certificate to advise the seller of these items that the purchase is exempt. Attach a copy of the certificate or permit issued by the ICC to this certificate. Keep a copy of the certificate and records that substantiate the information entered on this certificate for at least six years from the date it is issued. If you do not have a Connecticut tax registration number, enter the tax registration number assigned by another state and identify the state.

Instructions for the Seller: Acceptance of this certificate, when properly completed and accompanied by a copy of the certificate or permit issued by the ICC to the purchaser, relieves the seller from the burden of proving that the sale and storage, use, or other consumption, of a motor vehicle as described above is not subject to sales and use taxes. The certificate is valid only if taken in good faith from a person who is purchasing a commercial truck, truck tractor, tractor or semitrailer, or vehicle used in combination with these for use as described above. For example, the good faith of the seller will be questioned if the seller knows of facts that suggest the commercial motor vehicle or motor bus will not be operated actively and exclusively during the one-year period following the purchase date for the carriage of interstate freight under a certificate or permit issued by the ICC to the purchaser. Keep this certificate and bills or invoices to the purchaser for at least six years from the date of the purchase. The bills, invoices, or records covering all purchases made under this certificate must be marked to indicate this was an exempt purchase. The words "Exempt under CERT-105" satisfy the requirement.

This certificate can be used for a single exempt purchase only and cannot be used as a "blanket certificate" for a continuing line of purchases.
